Summary

Entry level MERN Stack Developer with strong knowledge of MongoDB, Express, React, and Node.js. Experienced in building responsive web applications, REST APIs, and database driven projects through hands on training and practice. Eager to apply technical skills, learn continuously, and contribute to a professional software development environment.

Education

Lovely Professional University (Distance Education) — **2023 -2026**
: Computer Applications / Full Stack Development — Master of Computer Applications (MCA)
7.10 CGPA
https://www.lpuonline.com/

Pursuing MCA with a focus on full stack web development, covering frontend and backend technologies, database management, and software development concepts. Gaining hands on experience through projects and practical assignments.

St. John's College, Agra — **2021 -2023**
Physics, Statistics, and Mathematics (PSM) — Physics, Statistics, and Mathematics (PSM)
6 CGPA
https://sjcagra.ac.in/

Completed a Bachelor's degree in Physics, Statistics, and Mathematics, developing strong analytical, problem solving, and quantitative skills. Gained a solid foundation in mathematics and logical thinking, which supports software development and programming

Projects

Wander stay — **December 2025**
https://wanderstay-hazel.vercel.app/

- Developed a modern travel web app allowing users to browse hotels, read blogs, and manage a wishlist.
- Implemented global state management using Redux Toolkit for seamless data handling.
- Built responsive UI components with React and Tailwind CSS for desktop and mobile users.
- Enabled smooth navigation with React Router DOM across multiple pages.
- Integrated real-time wishlist functionality with add/remove hotel features.
- Conducted unit testing using Vitest and React Testing Library to ensure reliability.
- Utilized Vite for fast development and production-ready builds.

Online Resume Builder — **December 2025**
https://cool-heliotrope-5669bf.netlify.app/

- Implemented real-time resume preview + one-click PDF download using JSpdf
- Developed a fast and smooth Single Page Application (SPA) using React
- Managed global application state efficiently using Redux
- Built reusable UI components with Material UI for scalability
- Implemented seamless navigation using React Router DOM
- Fully responsive design (Mobile + Desktop friendly)

Impact Focus

Simplified resume creation into a 3-step process: Select Template → Fill Details → Download PDF, reducing user effort and time significantly.

React, Redux, JavaScript, Material UI, React Router DOM, JSpdf, SPA, PDF Generation, Responsive Design, Frontend Development, UI/UX

Volunteering

Almabettter — **March 2024 – Present**
Remote / Online
Assisted 20+ peers in learning JavaScript and React, improving overall project completion rates by 30%.

- Assisted classmates with understanding programming concepts in JavaScript, React, and Node.js.
- Helped debug code and explained solutions to strengthen their practical skills.
- Shared learning resources and tips for building small projects.

Interests

Web Development Trends
React.js, Tailwind CSS, Node.js, REST APIs, Open-source contribution, Frontend trends, Backend trends

Open-Source Contribution
GitHub, collaboration, community projects, code review, pull requests, contribution, version control

Awards

Excellence in Web Development — **November 2024**
Lovely Professional University

Awarded for outstanding performance in web development projects and demonstrating strong skills in front-end and back-end technologies, problem solving, and project completion. Recognized for dedication and technical excellence.

Languages

English
Professional working proficiency in reading, writing, and speaking.
● ● ● ● ○

Hindi
Native / Fluent
● ● ● ● ●

Skills

Frontend Development
: Building responsive and interactive user interfaces using modern JavaScript frameworks and styling techniques.
● ● ● ● ○
JavaScript (ES6), React.js, React Hooks, Redux, React Router DOM, Material UI, Tailwind CSS, HTML5, CSS3, Flexbox, Grid, Media Queries, Semantic HTML

Backend Development
Designing and implementing server-side logic, APIs, and routing for web applications
● ● ● ● ○
Node.js, Express.js, REST APIs, Middleware, Routing

Database Management
Handling both NoSQL and SQL databases, including schema design and data querying
● ● ● ○ ○
MongoDB, Mongoose, SQL

Development Tools & Utilities
Utilizing version control, asynchronous operations, and PDF generation for efficient workflow.
● ● ● ○ ○
Git, GitHub, JSpdf, Fetch API, Async/Await, Event Handling

Certifications

DOEACC 'O' LEVEL — **MAY 2023**
NIELIT
https://drive.google.com/file/d/1w04Ibe9jhuHcdVn1O6AFNfEB29ddlfOY/view?usp=drivesdk

Completed DOEACC 'O' Level certification from NIELIT, gaining foundational knowledge in computer applications, programming, and IT concepts. Developed skills in software tools, basic web development, and problem-solving applicable to real-world projects.
